

1U LCD KVM console with 19" Full HD monitor, Slim Keyboard and Touchpad, and optional Cherry Keyboard and Trackball

19" Full-HD LCD Monitor

1U Rackmountable Unit

106 key keyboard and touchpad
(optional Trackball version)

Rail Lock Switch

Introduction

CYCLOPS-G1908HD is a series of 19" cost efficient 1U rackmountable KVM unit monitors and controls up to 8 computers (expandable to 64 computers), assists in efficient management of valuable space. The series provides Full High Definition of 19" LCD monitor. On Screen Display provides you with control over frequency, resolution, backlight luminance and brightness of the video display. Password function enables limited access to all the computers for extra security. The new additional features of this console includes the easy reachable rail-lock switch to avoid user's fingers from being clipped when pushing back the console and also new rail design that enables a single person to mount the console into the rack easily.
